Re: Your Request for Advice
Our Advice File No. A-88-331

Dear Mr. Nakatsu:

You have requested advice regarding the City of Hayward's neighborhood planning task forces under the conflict of interest provisions of the Political Reform Act.^{1/}

QUESTION

Are the members of the various neighborhood task forces considered planning commissioners who are required to file statements of economic interests under Government Code Section 87200?

CONCLUSION

The members of the neighborhood task forces are not planning commissioners and thus are not required to file statements of economic interests under Government Code Section 87200.

FACTS

The neighborhood task forces in the City of Hayward were established by resolution of the city council to provide specific planning for the Harder-Tennyson area of the city. The task forces conduct neighborhood meetings to identify

^{1/} Government Code Sections 81000-91015. All statutory references are to the Government Code unless otherwise indicated. Commission regulations appear at 2 California Code of Regulations Section 18000, *et seq.* All references to regulations are to Title 2, Division 6 of the California Code of Regulations.

issues of neighborhood concern. The issues and concerns are formulated into a draft plan by city staff. The draft plan is filed with the city council to be forwarded to the planning commission for public hearing and further recommendation to the city council. The city council holds a further public hearing prior to taking action on the planning commission's recommendation.

The Hayward City Attorney, Alice Graff, previously asked us if the task forces were subject to the Act's conflict of interest code provisions. We concluded that the task forces were, at that time, advisory in nature and not subject to the conflict of interest code provisions of the Act. (Graff Advice Letter No. I-87-153.) You now ask if the task forces constitute a planning commission, whose members must file financial disclosure statements under Government Code Section 87200.

ANALYSIS

Sections 87200 et seq., set out the reporting obligations for public officials such as district attorneys, city attorneys, councilmembers, county supervisors, members of planning commissions and members of the legislature. Other types of public officials file statements in accordance with conflict of interest codes promulgated by their respective agencies. (Sections 87300 et seq.)

The Act does not set out the definition of a planning commission. Thus, we must rely on other law to assist us in this regard.

Government Code Section 65100 provides that legislative bodies of cities and counties shall by ordinance assign functions of the planning agency to a planning department, one or more planning commissions, administrative bodies or hearing officers. Further, planning agencies created by the legislative body shall report directly to the legislative body (Government Code Section 65101). (Emphasis added).

The City of Hayward's neighborhood planning task forces were created by city resolution to provide an opportunity for citizens to become involved in the general plan. The recommendations they make are forwarded to both the city council and the planning commission. The planning commission then reviews the recommendations of the task force, holds a public hearing and makes its own independent recommendation to the city council. That independent recommendation is the recommendation of the planning commission. The task forces do not make their recommendations directly to the city council,

without intervening substantive review. Based on the information you have provided, it appears that the task forces are advisory to the planning commission.

Consequently, we conclude that members of the Hayward neighborhood task forces are not members of a planning commission for purposes of Section 87200.

The city council, as the code reviewing body for agencies located within the jurisdiction of the city, may on its own initiative determine that the task forces are not solely advisory and may designate them in the conflict of interest code of the city. (See Graff Advice Letter, supra at p. 6.) If the city council makes that determination, members of the neighborhood task forces would file financial disclosure statements under the city's conflict of interest code rather than under Section 87200.

If I can be of any further assistance to you, please feel free to contact me at (916) 322-5901.

Sincerely,

Diane M. Griffiths

Fair Political Practices Commission

Sacramento, California 95804

Dear Commissioners:

The Mayor of the City of Hayward has requested that your opinion be sought on the following question: Are members of the City of Hayward's various neighborhood planning task forces subject to the conflict of interest provisions of the Political Reform Act?

Following adoption of an amended General Plan in May of 1986, the City of Hayward began a neighborhood planning process. A City of Hayward Neighborhood Plan is intended to provide a bridge between its General Plan and specific development and improvement projects. According to the General Plan, Neighborhood Plans are more specifically intended to provide the following functions in the City's planning program:

- (a) Indication of policy: Since these plans represent the views of City officials and local residents, adopted area plans are official statements of policy and reflections of public sentiment;
- (b) Guidance of ongoing community development: Because they are more specific, area plans aid evaluation of new development proposals. Specific zoning, design and public improvement issues can be addressed;
- (c) Coordination of programs for improvement: Because area plans usually look ahead for only a five or ten year period, they are useful in carrying out programs of improvement and revitalization that have approximately the same time frame;
- (d) Encouragement of neighborhood participation and support for the planning program: Because area plans cover limited geographic areas, residents familiar with the conditions that exist in their

June 3, 1987

neighborhoods can effectively participate in the development and support of plans in conjunction with city officials.

In order to implement the neighborhood planning program, the City adopted a process that includes the formation of neighborhood task forces. As more fully described in the attached memorandum entitled "City of Hayward Neighborhood Planning Program," residents and other persons interested in each of the City's eight designated neighborhoods are invited to participate as task force members. The task forces identify issues of neighborhood concern, policy statements, and implementation measures. These are incorporated in a document, which is prepared by City staff for the task force, and circulated for public review.

The draft plan is filed with the City Council, the task force dissolved, and the plan is thereafter forwarded to the Planning Commission for public hearing and recommendation to the City Council. The Planning Commission recommendations on the plan are forwarded to the City Council. The City Council holds a public hearing prior to taking action on it.

A Neighborhood Plan Task Force is intended to remain in existence for approximately five months. No local rule, ordinance, nor charter provision requires the creation of Neighborhood Plan Task Forces. Neither the Planning Commission nor the City Council is compelled by any rule, ordinance, or charter provision to accept the recommendations contained in a task force's neighborhood plan. No extraordinary vote of the Planning Commission or City Council is required either to accept or to reject a task force recommendation. No exclusive power to initiate decisions or veto power is granted to a task force.

As of this date, only one task force has completed its work. The City Council has indicated that no additional task force will be appointed until the Commission's response to this request is received. The one neighborhood plan that has been adopted by the City Council compares to the task force draft and Planning Commission recommendations as follows: The land-use map designations for property in the study area are the same, while 36 of 57 policies and strategies for implementation are revised or deleted. Copies of the task force draft, Planning Commission recommendations, and the plan as adopted by the City Council are available if they would be helpful to the Commission in responding to this request.

Very truly yours,

ALICE C. GRAFF
City Attorney

CITY OF HAYWARD
NEIGHBORHOOD PLANNING PROGRAM

Approved by City Council on May 13, 1986
(amended July 31, 1986)

I. PURPOSE

The purpose of the Neighborhood Planning Program (NPP) is two-fold: 1) to provide a bridge between the General Plan and specific development and improvement projects; and 2) to provide for greater involvement of citizens in the planning process. As a bridge, the Neighborhood Plan serves as a refinement of the General Plan in two different ways.

First, the Neighborhood Plan provides a detailing of the General Plan through application of general, city-wide policies to a specific area. It allows for consideration of local issues identified in the neighborhood which are not otherwise addressed in the General Plan. It can serve as the vehicle for achieving greater consistency between existing zoning and the General Plan. It may even result in recommendations for amendments to the General Plan.

Second, the Neighborhood Plan concentrates on short-term implementation measures, which assist in fulfilling the longer-range policies and programs of the General Plan. Consequently, it can provide for coordination of programs for improvements within the neighborhood by emphasizing specific actions to be undertaken (who, what, where, when, how much). Such programs can include capital improvements, circulation improvements, commercial and residential revitalization programs, application of design guidelines, etc.

Adoption of a Neighborhood Plan by the City Council will largely determine what development controls and improvements will be implemented in the neighborhood over the short-range to mid-range planning period. Consequently, it is essential that strong neighborhood support for the implementation of the plan be developed during the process of preparation and approval.

II. PROCESS

The overall process of developing a Draft Neighborhood Plan is expected to require approximately six months. The time required may vary depending upon a variety of factors, including the size of the area and the complexity of the issues to be addressed. The process will involve several phases as outlined in the following paragraphs.

A. Organization (one month)

1. Neighborhood Forum and Identification of Issues

City staff will publicize and conduct a neighborhood forum to achieve the following objectives:

- a. provide an overview of the Neighborhood Planning Program and its relationship to the General Plan;
- b. identify local neighborhood issues and concerns through small discussion groups to ensure recognition of individual viewpoints;
- c. invite interested residents to serve on the Neighborhood Task Force; and
- d. develop mailing list of all interested parties who wish to receive future meeting notices.

2. Task Force Selection

Applications will be accepted from neighborhood area residents as well as other interested parties (City commission and board members are eligible). All applicants will be interviewed by the City Council, which will then make appointments to the Task Force. The Task Force will be limited to 10-15 members; at least ~~70%~~ of the membership must be neighborhood residents. A strong effort will be made to have the composition of the Task Force reflect the general characteristics of the neighborhood.

B. Task Force Identification and Analysis of Issues (two months)

1. Task Force will meet to review concerns expressed at Neighborhood Forum and develop list of issues to be addressed.
2. Staff will prepare background materials on identified issues and possible alternatives for presentation to Task Force (or subcommittees where appropriate) at a meeting or series of meetings.
3. Task Force will review and propose alternative courses of action on identified issues.
4. Staff will prepare preliminary report on issues and alternatives for public review.

C. Neighborhood Review

The Task Force will conduct a meeting on the proposed alternatives and obtain reaction through small discussion groups.

D. Formulation of Draft Neighborhood Plan (two months)

1. Task Force (or subcommittees where appropriate) will develop detailed policy statements and implementation measures for preferred courses of action.
2. Staff will prepare Draft Neighborhood plan for public review.

E. Public Review and Adoption of Neighborhood Plan (one month)

The Task Force will hold a neighborhood meeting prior to forwarding the draft plan on to the Planning Commission and City Council for formal public hearings and adoption.

III. STUDY AREA BOUNDARIES AND PRIORITIES

The attached map delineates proposed boundaries for each neighborhood study area and also indicates priorities and time frames for initiation of each study.

The proposed boundaries are based on a number of factors, including:

- 1) the location of major natural and man-made features;
- 2) existing neighborhood organizations; and
- 3) the nature of existing and potential development.

Priorities indicated on the map are also based on a variety of factors, including:

- 1) the potential for development and/or redevelopment;
- 2) degree of inconsistencies between existing zoning and the General Plan; and
- 3) interrelationships among adjacent neighborhoods.

Time frames reflect staffing levels as indicated in the proposed budget. Assuming one professional planner per study, two planners allow for initiation of four Neighborhood Plans next year.

IV. ADMINISTRATION AND STAFFING

The City Council, sitting as the Neighborhood Planning Program Steering Committee, will be responsible for general oversight of the Neighborhood Planning Program. In addition, the Planning Commission will designate one of its members as a liaison to each Neighborhood Plan study, with responsibility for making periodic status reports to the Planning Commission.

Project staff for each Neighborhood Plan study will be provided by the Program Planning Division of the Planning Department and will include one professional planner, one part-time student intern, and clerical and graphics support personnel. In addition, liaison staff may include personnel in the Development Processing Division, the Department of Community and Economic Development, the Department of Public Works, and other departments where appropriate. Involvement of key staff members from these departments is necessary to ensure development of workable short-term action programs and implementation measures.

Re: Request for Opinion and Filing of Form 721s

Dear Commission Members:

The City of Hayward, by its City Clerk, requests the Commission to provide an opinion on the question of whether members of the City's Neighborhood Plan Task Forces constitute members of the City's Planning Commission pursuant to Government Code section 87200. It is the City's belief that the Task Force members are temporary Planning Commissioners and such individuals are therefore subject to Form 721 filing requirements. Accordingly, in anticipation of your response, you will find enclosed for filing the executed originals of the Form 721 statements of economic interests which have been lodged with the City of Hayward by eight of the ten members of the newly appointed Harder-Tennyson Task Force. I am informed that the two members who did not submit 721 forms, namely Ms. Karen Macklin and Ms. Beatrice Usco, have indicated their intent to tender resignations or statements indicating their inability to serve on the Task Force.

This opinion request is triggered by the fact that the City Clerk, Ms. Pam Weaver, has been preliminarily advised by a member of your filing division that the Neighborhood Plan Task Force members may not be Planning Commission members for the purposes of Government Code section 87200. In order to assist you in your consideration of this matter, you will also find enclosed the following background materials: The June 3, 1987, letter previously sent to you by Alice C. Graff, the City Attorney, which contains a description of the role of the Neighborhood Planning Task Force in the context of a previous request for a determination of whether Task Force members are subject to the conflict of interest requirements of Government Code section 87100. (Your File No. I-87-153.) Also enclosed is a copy of Resolution No. 88-167 C.S.,

August 23, 1988

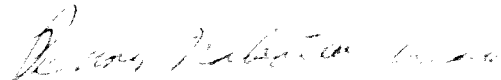

the City Council Resolution appointing members to the Harder-Tennyson Area Neighborhood Plan Task Force, the second Task Force to be appointed.

These enclosures indicate the City's belief that it is appropriate for the Task Force members to be treated as temporary members of the Planning Commission and therefore subject to 721 and other filing requirements applicable to members of the Planning Commission. The City also believes that it is appropriate for the Commission to defer to the City's position in this matter since the planning process has and continues to be a matter which is an appropriate exercise of the City's charter city powers.

Your assistance on this matter is appreciated.

Dear Pam,

Thanks so very much for that hour of your afternoon today. You made a task, that I had considered so foreboding that I was afraid to attempt, a delight and really not so very difficult.

Finally, here is my financial report. I know it is a couple of days late and I am truly sorry for that. I really did not think it as mandatory as I now know it to be. Since this is my first attempt in anything dealing with any kind of government work I am still in awe about much of it. I certainly hope this is not my last affiliation with our working government.

Again a big thanks to you. I know we will see each other again for another enjoyable chat.
